To Whom It May Concern:

I've had the privilege of partnering with Marilyn Beverly since 2004 for our Auxiliary Board Leadership Conference. As our facilitator, she has complete knowledge of the topics she shared with us and her vast knowledge in volunteer leadership has been a compliment to our agenda.

Marilyn is passionate about the volunteer spirit and possesses the ability to inspire groups to achieve great things. I was impressed with the contents of the materials provided for our group, as well as Marilyn's very effective communication skills. She was well received with our group, and shared real life experiences that resonated well among our leadership team. Marilyn has a unique ability to encourage group interaction. This was essential for us.

Since the conference, I received numerous positive comments from our auxiliary leadership team. Repeatedly, the group stated how impressed they were with Marilyn and her ability to energize the group and communicate her ideas to others.

It is my pleasure to write this letter of reference for Marilyn Beverly.

Sincerely,
Becky Rose
Director of Volunteer Services
Baxter Regional Medical Center
